## NUMERIC CONTEXTUALIZATION

### Exercise 5

- In South America, 250,000 children die every year due to diseases that could be easily prevented.
- The Universal Declaration of Human Rights (UDHR) was adopted by the UN General Assembly on December 10<sup>th</sup> 1948 as a common standard of achievements for all people and all nations.
- A study declared that livestock and their by-products actually accounted for at least 32,564 million tons of CO<sub>2</sub> emissions per year, which is 51% of annual worldwide greenhouse gases emissions.
- All the waste produced on a farm of 2,500 dairy cows is the same amount as the waste produced in a city of 411,000 people.
- You can grow 37,000 pounds of vegetables on one and a half acres, but only 375 pounds of meat on that same plot of land.
- On average, women in the European Union earn about 16,4% less than men for the same work. And here, in Spain, this rate is of 17,08%.
